Guidelines to place an advertisement in our website:

SUNIPIX[®] maintains an advertising acceptability Department whose function is to examine advertisements before publication to determine if they meet the standards of acceptability developed by us over the years.

SUNIPIX[®] may decline to accept advertising that is misleading, inaccurate or fraudulent; that makes unfair competitive claims; or that fails to comply with its standards of decency and dignity.

If an advertisement contains statements or illustrations that are not deemed acceptable, and that **SUNIPIX**[®] thinks should be changed or eliminated, the advertiser will be notified. **SUNIPIX**[®] will attempt to negotiate changes with the advertiser; however, if changes cannot be negotiated, the advertisement will be declined by **SUNIPIX**[®].

In addition, an advertisement must sometimes be declined because of the applicability of laws dealing with such matters as libel, copyright and trademark, the right to privacy, the sale of securities, the sale of real estate and political advertising.
